

## York Children's University

York CU is part of a national scheme for children aged 5-14 to encourage and celebrate their learning

### How do I use my passport?

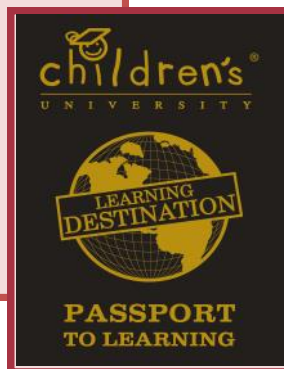

1. Visit a CU 'Learning Destination' such as your swimming club, museum or a CU in the City event.
2. Do a fun activity! Maybe a workshop, class or tour?
3. Collect a sticker from the Learning Destination to show you have completed their activity.
4. Gain at least 30 hours to receive your bronze certificate. Collect over 65 hours to attend Graduation at the University of York.

### What is a Learning Destination?

This is a place, club or organisation which is CU approved. There are over 70 around York (and lots more across the UK)!

Find a list on:

[www.childrensuniversity.co.uk/york](http://www.childrensuniversity.co.uk/york)

### How do I count my hours?

- You can **only** gain hours in your passport for activities at an approved Learning Destination.
- **1 Sticker** per learning activity and record your hours.
- You don't have to collect **all five** stickers to graduate, but why not try to get as many as you can!
- Graduation every Spring at the University of York.

**Can you collect all 5 stickers?**
